Professional Summary

Results-driven Data Analyst and former entrepreneur with experience in business operations, reporting, sales management, customer relationship management, CRM systems, and business intelligence. Skilled in Power BI, SQL, Excel, Microsoft Fabric, dashboard development, KPI reporting, data visualization, exploratory data analysis, and AI-assisted analytics. Strong business acumen developed through managing a trading business and leading operational decision-making. Seeking remote opportunities in Data Analytics, Business Intelligence, Operations, Customer Success, Reporting, and Business Development.

Professional Experience

Founder & Business Owner, M/S Govindam Traders 02/2023 – 04/2026

- Founded and managed a trading business, overseeing procurement, inventory, sales operations, customer relationships, vendor management, and reporting.
- Designed and maintained Excel-based reporting systems for sales, inventory, and financial tracking.
- Managed customer communications, negotiations, and post-sales support while maintaining strong client relationships.
- Implemented digital workflows and administrative processes to improve operational efficiency.
- Coordinated with suppliers and business partners to ensure smooth execution of business operations.

Student Partner, Internshala 09/2018 – 03/2024

- Promoted internship and career opportunities among 500+ students.
- Supported outreach campaigns and engagement initiatives.
- Coordinated workshops and awareness programs.
